OUR MESSAGE

Rockman Capital is an owner managed, Mauritian based, Asset Management Company. We offer bespoke solutions to private clients.

In the current world of global financial markets, there is ever increasing financial complexity, political uncertainty and rapid technological disruption. Our proven approach at **Rockman Capital** has the ability to navigate through these uncertain times.

Rockman Capital's unique, agnostic and fundamental-driven investment process, provides us with the flexibility to navigate global markets. Coupled with our independence, we are unconstrained and able to provide tailormade solutions to our international client base. Built on strong values and unique expertise, we strive to create long term relationships with clients, custodians, and partners.

WHY MAURITIUS?

The island of Mauritius is a unique jurisdiction for capital markets:

- it is ideally located in relation to most European and African countries
- it is a stable political and administrative environment which has ensured
    - a well-regulated, and internationally recognized financial services industry, reflected in its double-digit growth and
    - it is placed 20th globally for ease of doing business, the best performer in Africa
- numerous double taxation agreements and treaties with most African countries
- a well-recognized jurisdiction of choice

"Everything should be made as simple as possible, not simpler"
ALBERT EINSTEIN

"An organization cannot achieve exceptional results and sustainable competitive advantage by doing what others are doing. What provides the long-term competitive edge, are those factors core to the organization which cannot readily be duplicated by competitors – the unique and distinct capabilities of its people. The cornerstone of organizational success is talented, professional, motivated people.''
